S+UDIC ONE

STUDIO ONE

THE EVOLUTION OF THE RANGE Studio One brings together the defining features of Studio and Studio Aqua. A seamless synthesis of Dalla Corte's professional technology, expressed in a compact design ideal for both premium home environments and small professional settings.

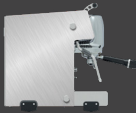

INTUITIVE CONTROL The display enables immediate control of every parameter: temperature and extraction times are adjusted through a minimalist interface, designed to place precision directly in your hands.

LIMITLESS VERSATILITY Created to adapt effortlessly to any environment and to craft any beverage, Studio One offers maximum flexibility. Standard dual water supply (mains connection or 2.5 L tank), cool-touch steam wand and hot water outlet ensure complete freedom of use.

YOUR MACHINE, YOUR STYLE Tailor Studio One to reflect your personal aesthetic. Side panels are available in a wide range of materials and RAL colors, ensuring a consistently distinctive and perfectly integrated look.
